

ACTIONABLE INSIGHTS IN REAL TIME

SmartSignals Study Oversight enables sponsors and CROs to harness the power of aggregated data within our clinical data hub. Two specialized, analytics-driven modules facilitate efficient, comprehensive, medical review and risk-based monitoring.

**Leverage
visualization tools**

**Enable 360-degree
medical review**

**Implement risk-based
monitoring**

DRIVE QUALITY EVIDENCE GENERATION THROUGH TARGETED, REAL-TIME DATA VISUALIZATION

Medical monitoring

Checklists, dashboards, and reports simplify medical review and data management.

Risk-based monitoring

Comprehensive capabilities drive targeted study and central monitoring activities.

WHY CHOOSE SMARTSIGNALS STUDY OVERSIGHT?

01

Monitor efficiently and comprehensively

Review all patient data and manage review workflow, all in a single place.

02

Implement risk-based monitoring strategies

Select, define, and review risk indicators to drive your monitoring activity.
